1. Cut the strawberries into thin slices and set aside.
2. Cut the tortillas from the center outwards and fold into 4 overlapping triangles. Once folded, cut with scissors in the shape of a heart and reopen.
3. Divide the wrap into 4 sections by spreading on the two hearts next to the cut (with the cut side facing down) the peanut butter on the right and the cocoa butter on the left.
4. On the top sections, sprinkle the cookies on the heart on the right and place the strawberries on the heart on the left.
5. Place on the Elite Grill and close starting from the peanut butter section towards the cookie section, then towards the strawberries and finish with the cocoa butter section. Repeat the process with the other tortilla.
