You can store them in an airtight container and enjoy them whenever you want

## Raciones para 4

2  
Bananas

300 g  
Chocolate

Almonds

Pistachios

Grated coconut

Caramel balls

- 1 We start by peeling the bananas, cut them in half and stick an ice cream stick in them. Then we keep them in the freezer for about 2 hours.
- 2 In the meantime we can prepare the toppings we like the most. In our case we have chopped some toasted almonds and some pistachios and we have placed them on a flat dish next to the grated coconut and caramel balls.
- 3 When the banana is already frozen, we melt the dark chocolate in a bain-marie and put it in a tall glass.
- 4 Put the frozen bananas in the chocolate, let the excess chocolate fall and pass it through each of the toppings.
- 5 We let the chocolate crystallize and we have a delicious and healthy snack!
