Watermelon sorbet

Consejo del chef

If there is any leftover, keep it in the freezer and smash again before serving for a creamy texture.

Raciones para 6

- ❏ **1/2** Watermelon
- ❏ **2** Bananas
- ❏ **1** Tablespoon of maple syrup
- ❏ **1** Teaspoon of vanilla

1. Scoop out the half watermelon.
2. Put the watermelon flesh in a suitable bag and freeze.
3. Peel and cut bananas into pieces and freeze as well.
4. Once frozen, use a food processor to mash watermelon, bananas, syrup and vanilla. The texture must be thick and lump-free.
5. Serve into the half watermelon we scooped out previously or place it into shot glasses. Decorate with watermelon balls and fresh basil.
