## Frozen cake with surprise

## Consejo del chef

The real trick is to be fast when you take the ice cream out of the freezer because it melts quick. If you want to eat in a few days, slice a piece and leave the rest in the freezer.

## Raciones para 6

$\square 2$ Scoops of chocolate ice cream

- 2 Scoops of strawberry sorbet
. 650 ml Cream
- $\mathbf{2 0 0}$ gr Sugar
- 1 Vanilla pod
- Assorted fruit

Place the chocolate and strawberry ice-cream in plastic wrap.

Roll up a cylinder and place it in the freezer for two hours to harden.

3 Whip the cream with yoghurt, sugar, and vanilla.

4 Slice fruit and place it on the bottom and sides of the mould.

5 Spread the cream and put the ice-cream cylinder inside.

6 Add more cream until covered and freeze for at least four hours.
