Pavlova

Consejo del chef

Fill the pavlovas with the red berries to taste and some strawberry syrup.

Raciones para

3 Egg whites

180 gr Sugar

2 Tablespoons of lemon juice

Strawberries

Raspberries

Strawberry syrup

- Put the white eggs together in a large bowl with sugar and heat at Baine-Marie. Stir constantly until the sugar dissolves. Whisk with an electric mixer until stiff peaks.
- When the meringue is almost ready, add the lemon juice, and whisk again until glossy and firm.
- Place the meringue in a piping bag with a star-shaped tip and pipe the pavlovas on an oven tray lined with parchment paper. Make a small hole in the centre to fill it later.
- Preheat the oven and bake at 100 °C for one hour with top and bottom heat without air. Place the oven tray in the middle to avoid burning the top.
- Check if the meringue is dry and let it cool before decorating the top.
